

For Immediate Release

Press Release – December 29, 2005

Microsoft to Deliver Neoxen Products Worldwide

Neoxen Systems, a record-breaking Microsoft Gold Certified Partner, creates history in Scandinavian software industry. Microsoft chose the officially certified Neoxen products for global distribution.

“Neoxen broke again all the barriers by jumping from Microsoft Registered Member level to their highest Gold Certified Partner level in record time. Now as Microsoft Gold Certified Partner in ISV/Software Solutions competency, Neoxen was chosen by Microsoft to participate in their Visual Studio Industry Partner DVD.” said Esa Tervo, CEO at Neoxen Systems. “Quality of our product is verified by an independent third party certification lab in US. As a result, Visual Modus is one of the very rare Scandinavian products authorized to use the acknowledged Designed for Microsoft® Windows® XP logo.”

The Visual Studio Industry Partner Resource DVD contains over 75 components, controls, utilities and other products for Visual Studio users. It offers a remarkable marketing channel for the chosen partners as the possible customers can take a peek on these evaluation copies and full release products to help them choose the right solution for their development needs. These best-of-breed partner products are available from [Microsoft Visual Studio Developer Center](#) and the DVD is also delivered in the Microsoft developer events.

“We are very proud to be among the first software manufacturers in Scandinavia being invited to this Partner DVD.” Tervo continues. “It is distributed in all major Microsoft events, industry events, user groups...- around the globe.”

[Neoxen Visual Modus 2005](#) is a documentation organizer and management application. It allows users to create role-based views on information regardless of the origin and location of the data. Visual Modus provides a single point of access to manage, restructure and share this vital information. It also allows users to reformat and mass-modify Microsoft Office documents of any type for consistent archiving or for reuse in new projects. Visual Modus is available in 32- and 64-bit editions. It holds the acknowledged Designed for Microsoft® Windows® XP logo.

Neoxen Systems is a Microsoft Gold Certified Partner and Microsoft Visual Studio Industry Partner specialized in Document Management and collaborative Process Management solutions for global markets. With our Neoxen technology and product family we help our customers to succeed by reducing their time-to-market efforts, increasing their customer satisfaction, improving quality and increasing their organizational performance.
